Sensations

Year: 1975

Country: France / Netherlands

Language: English / French

Genre: Feature / Classic

Duration: 01:18:05

Only the second adult feature film from acclaimed Producer/Director Lasse Braun, Sensations is the direct consequence of the success attained in the USA by Braun's prior movie French Blue (a.k.a) Penetration. After the success of the documentary Penetration at the Festival of Cannes in 1974, Braun decided that he needed to venture into scriptwriting.

He flew to Cleveland, OH to meet with a man named Rueben who he believed would finance his film. He was able to secure \$250,000 in financing from Rueben with one major caveat - he had to be ready for Cannes which was only 5 months away. No easy task considering the film was to be shot on location in four different cities - Breda, Brussels, Dover, Amsterdam and a villa in the Dutch countryside.

Brigitte Maier was cast in the lead along with the high-spirited French actress Veronique Monet and Frederique Barral playing the femme fatale. The male actors included veteran actors Bent Rohweder, Robert Le Ray and Claudio Russo.

The first showing of Sensations took place on May 8th, 1975, in front of a select audience of crew and friends before it was unleashed at the Festival of Cannes in 1975, a mere 18 weeks after he secured financing in Ohio!

Original Liner Notes:

She's got a lustful craving deep inside that need to be filled! This is a intimate look into the sexual awakenings of a beautiful lady and her Euro friends, a warm touching story of love and betrayal, clothes are torn, nylons are discarded and it all ends in a maddening ORGY that is so hot it will rock your world!

The Story Of Joanna

Year: 1975

Country: USA

Language: English

Genre: Feature Classic

Duration: 01:23:13

Cast: Jamie Gillis, Terri Hall, Zebedy Colt, Juliet Graham, Steven Lark, John Busche, John Koven, Roy Carlton.

Description: "Director Gerard Damiano's take-off on the French classic 'The Story of O' ranks among the best hardcore features of the 70s. Terri Hall stars as Joanna, a sexually naive beauty whose life takes a sensual turn when she meets debauched European aristocrat Jamie Gillis. Gillis brings her back to his gothic castle, where he puts her through a series of sexually-charged trials in order to prove her love.

Terri Hall is perfect in the role, with a wide-eyed and expressive face that registers the proper amount of shock and sizzle as she's led into Gillis' misogynistic and depraved world. As Terri is led further and further into Gillis' wanton web, she experiences lust and pleasure as she never has before. Whether at the hands of an unknown man, in a romantic rendezvous with Gillis' bisexual manservant Zebedy Colt, or engaged in a bondage-laced tryst with Gillis himself, Terri Hall finds herself in the throes of a sensual spell from which there is no escape.

While the film can be a bit rough at times, there's no denying the care and passion that went into its making. All of the actors are superb, the sets are magnificently atmospheric, and the plot contains its fair share of twists and turns. A great pick for anyone into B & D style sex or male-dominant mayhem."

British Older Amateur Housewives 1

(originally released as "British Sluts & Butts: Older Amateur Housewives 2")

Note that the DVD I've got is the original release, however I cannot find a cover for the original release. The film was re-released as the pictured title above, so this is the cover that I am using. It also goes with volumes 2, 3 and 4 that I have of the "British Older Amateur Housewives" series.

The Fucking 40's Volume 2

Director: Remington Steel

Studio: Strand Productions

Cast: Suzanne, Christine, Shannon, Tina, Yvette

When a sexy bank cashier decides it's time to get some extra sex in her life she wants it rough and hard. She's soon bent over in her kitchen with her mouth full of cock.

Two couples get together for a spot of wife swapping. They suck and fuck all afternoon in this genuine amateur sex session.

Suzanne is quiet and demure till she gets a cock in her mouth. She loves it and makes you wish it were yours. After a long hard fuck she gets soaked in cum and drinks the lot.

Housewife Chris remembers her school days as she kneels before the head master to suck his cock. Then, short skirt raised and knickers lowered, she takes an extra large portion of cock.

The Fucking 40's Volume 3

Director: Remington Steel

Studio: Strand Productions

Cast: Christine, Faith, Nici, Shannon, Pearl, Betty

Christine removes her blouse, bra and knickers and lets Chris News fuck her over the office desk. They continue to fuck, as Christine strips to her black holdups, on the office chair (reverse cowgirl) and floor (doggy and spoons). This fine hard sex from this experienced pair ends with a good facial.

Billed as Pearl and Betty, these two middle-aged amateur ravers tie a guy to a bed and have their wicked way with him, one with and one without a condom. This looks like a re-edit of Margaret and Rosie's scene from Viewers Wives 40 but, frankly, I couldn't be arsed to check, as this is a poorly lit and shot scene that doesn't belong on a professional release.

The still perky Nicky Pearce (she can't be forty can she?) flashes her knickers from under her pleated white skirt as an old geezer gets his pet rabbit out in the garden to show her (honestly). Back in the small kitchen he disappears and Nicky lets another guy take advantage of her. She undresses completely and gets fucked bent over the sink, reverse cowgirl on a chair and missionary on the laminate table. This good little scene ends with doggy and a facial on the floor.

In the fourth scene another amateur pair, billed only as Dirty Couple, fuck on a bed. Although well-fleshed the auburn haired woman looks younger than 40 as she lies on a bed fully-clothed. She removes only her knickers keeping her long skirt, white stockings and black boots on as her husband fucks her. Reasonable but too brief action as she gets her big-nippled tits out and gets fucked in doggy and missionary. Another fine scene for Viewer's Wives, but weak here - good facial though.

The final scene is the four-woman orgy from UK Girls 2. To begin Shannon, Christine and a good looking large-haired blonde (who I have only seen here) are on a bed in their underwear. After some brief gg and dildo action the women get naked and are joined by Chris News and an older guy. Plenty of cock sucking and pussy licking before Shannon mounts Chris cowgirl. Christine then takes Chris in reverse cowgirl as Faith joins the action. All four women then kneel on the edge of the bed in a row with bums in the air as Chris works his way along the line pushing his cock into each pussy. At the far end Shannon gets fucked by the other guy before Chris reaches her. There is a bit more fucking from Chris on the bed before both guys shoot their loads over the women's bodies.

The Fucking 40's Volume 4

Director: Remington Steel

Studio: Strand Productions

Cast: Julie, Sandy, Christine

Note I cannot find a cover for this—hence the menu picture above.

Julie, a short plain housewife with a deep tan and nice smile, has put her best lingerie on to get fucked by Omar. Remington introduces the pair in the kitchen of her Aylesbury home where Omar wastes no time in stripping off and lifting Julie onto the work surface for a deep fucking. Despite her obvious nervousness Julie is a fine fuck, taking Omar's whole cock in cowgirl, doggy and some other athletic positions on the carpet as the action moves to her lounge. Deep anal in doggy and a good facial to end. This scene is featured in Newcomers Showcase 5.

Attractive auburn-haired housewife Sandy takes a long bath and pleasures herself amongst the suds. She has decided to try a little working from home and is expecting her first client as she dresses in black lingerie, skirt and blouse. Chris News is her very first client and, after sorting out the money and showing him her dildo collection, she removes her shirt and pants and Chris fucks her face to face on the sofa. More sex in doggy and reverse cowgirl, then Chris fucks her arse again in missionary. Pulling out he wanks over her face, then Sandy spreads her legs again and the fucking continues but the scene does not.

Restrained action here for plain bespectacled Christine as she takes on Karl Gent and another guy in a hotel room. Dressed in white, including basque and stockings, she first fucks Karl on a blue sofa then moves across to the bed where she gets fucked by another anonymous cock. Sex in most positions, including anal. Christine takes a dildo in her pussy while Karl is up her bum, pisses through her pants in the bathroom and gets pissed over herself. Scene ends with a single good facial.

Three more well shot scenes featuring genuine amateur women all enjoying a good fucking. Mixed bag here, but the last scene with four mature women falling over themselves to get cock is well worth a look.
