TAMARA

Glamour girl Rebecca got in touch with us to see if we would make a film with her. With such a stunning body and perfect long legs, how could we refuse - Tricky Ricky had to be restrained!! Rightly so, this girl is an absolute stunner. Would you believe that we had to get her to put some knickers on, "I never wear knickers" she announced. Awesome views are the backdrop for this solo girl sex fest. Stockings, suspenders and marrows (?) If you think you can handle this then go ahead - buy it. But remember, when your temperature soars off the scale, we warned you.

TAMARA

Wealthy landowners daughter Carmen is not too pleased when she catches dodgy cameraman Rick Dick on her fathers land. She soon loosens up though as Rick suggests rich girls are not sexy. As if to prove him wrong, she begins flashing her assets by the roadside and is quickly turned on. Moving on to a more appropriate location, Carmen shows us exactly what she is made of. We get to see every inch of her tight young body. Finally gasping for breath, she takes us up onto a hillside, and with her sweet little pussy on show for all to see, she produces her dildo. You will have to buy this film to see what happens next but I promise you that you will wear it out . . . and the video.

Out for a walk by the river, Sadie is bound to attract attention. Little did she know that the Tamara crew were lurking in the bushes. After a little coaxing, she agrees to make a film with us. By the river we discover the delights of her sweet young breasts, gently touching them she soon gets in the swing. By the racecourse she proves that she's a safe bet. Softly stroking and teasing her pussy, we are forced to move on as the groundsman approaches. Gaggling for more, Sadie is soon naked in the blistering sun, taking herself to new orgasmic heights.

Cum In The Sun

TAMARA

Chardonnay is excited at the prospect of making her first porn

movie. Although shocked to find that she is going to be filmed by another girl, she is turned on at the prospect of her first lesbian experience. To warm her up, our camera girl gets her doing a bit of flashing by the riverside before moving on to a meadow where Chardonnay touches and teases herself, fingering and stroking her tight little hole.

Unable to control her deviant urges, our camera girl coaxes the park ranger into taking hold of the camera while she gives Chardonnay a good seeing to. What follows is one of the most graphic scenes of Lesbian Lust. These girls cannot get their tongues deep enough into each other's creaming pussies. They poke, they lick, they finger each other to the point of no return, where they produce their vibrators and fuck each other senseless in an orgy of lust, passion and downright filth. Rumour has it that the park ranger is still undergoing intense therapy, so be warned, this is not for the faint hearted.

Extreme Adventure

- Emma P - Part 1

TAMARA

Its hard to imagine a country rambler as a horny nympho, eager to please, flashing her gorgeous young body high up in the hills of the Peak

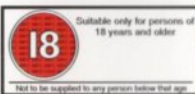

District. Well, imagine no more.

This horny young student has got everything it takes to send your blood pressure off the scale. She is so cheeky and so daring. We had problems controlling her as all she wants to do is show her tight little body off, touching herself and pushing herself to sexual extremes. If this rude little girls behaviour does not shock you, in turn arousing you, then you must be mad.

Once again we have chosen some very risky exposed locations for our amateur models to get naked and once again the girls seem to delight in the excitement and naughtiness of the whole thing.

GIRLS WHO LIKE GIRLS 3

Here is part 3 of the UK's best loved adult fantasy video.

Part 3 is wild, our wildest yet, when we collected Zoe and Jenna from the station, we knew we were on to a winner, these 2 girls oozed sex and fun from every pore, but even we were surprised by the girls daring sexual antics, they didn't seem to mind where they performed, or who was watching just as long as it was in public... electric sexuality.

This really is the very best erotic programme available in the UK. Both these girls featured on this tape knew exactly what they wanted and they knew just how to get it! This is one hell of a flesh feast, sensual, erotic and incredibly stimulating.

If you think you can handle it, buy it, if you are easily offended, don't. These girls are the hottest we have ever filmed.

This film started out as a single girl masturbation special. We see Caroline in fishnets and leather, dildoeing herself senseless in the name of self-satisfaction. Unfortunately, our camerawoman Lisa can't keep control over her desires and very quickly things get out of hand, with Lisa taking control and giving Caroline a thorough seeing to with her tongue, her fingers and "the dildo". This is powerful stuff, not for the faint-hearted.

Public Places Volume 7

PUBLIC PLACES 7

HOT • NAKED • PUBLIC

Welcome to this the 7th title in the PUBLIC PLACES series.

Public places has become the most popular Adult series available in the UK. Maybe it's because our girls are the hottest around, maybe it's because our girls get to have the most fun, maybe it's because we make the most erotic programmes or maybe it's because we understand what sexual excitement is all about. Whatever it is, judging by our viewers letters... You love it!

Part 7 is no exception. It's dangerous sex, in public place, the risk of being caught. It's naughty, it's horny, it's pumping good old fantasy and our girls know how to cater to your every wish and desire. So join us in a flesh feast and indulge your male desires.

"The best I have ever watched, thank you" - Liverpool.
"At last an adult producer that understands sexual tension and excitement" - London.
"Please, more more more more" - Bucks.

So what are you waiting for, find out why we are the best at what we do, tune in, turn on and lets see if our girls can alter the shape of your trousers.

Sex In The Country + 'The Picnic'

TAMARA

If girls having sex with each other lights your candle, then prepare to melt your wax. Four gorgeous girls touching, kissing, licking and probing outdoors for all to see. First up is Sex In The Country. Two Sex crazy nymphos getting it on in the hay whilst ramblers pass close by, unaware of the hardcore sex action taking place just yards away from them . . . very very risqué.

Next up is The Picnic. Two girls, a bottle of wine, a bunch of bananas, a cucumber and a tub of whipped cream . . . you won't get your breath as these girls use it all to satisfy each others wanton demands. These beauties are gagging for it, and as the sun beats down on their hot, sweating, young bodies, they get it!! Perversity from a female perspective.

The 19th Hole

- Geri

This is the VHS cover for "The 19th Hole - Geri". Later released on the DVD above - Amateur British Hardcore Volume 11.

TAMARA

Young sweet and innocent, we found Geri relaxing in the sun following a hard morning on the golf course. With breathtaking views all around, she tempts, teases, touches and caresses, before taking us to The 19th Hole where I can guarantee you'd die to putt it!! With the sun beating down and the sweet summer breeze in her hair, Geri takes herself to new heights of sexual pleasure, her shiny dildo glistening in the sunlight. Hard, summer sex madness
